"The JOTI-JOTA is an annual event in which about half-a-million Scouts and Guides all over the world make contacts with each other by means of the internet and amateur radio. It presents an opportunity to connect scouts literally at the other end of the globe, Scouting experiences are exchanged and ideas are shared. It's a unique opportunity for each individual Scout to get the real feeling of belonging to a worldwide movement."

In Lebanon, the Lebanese Scouting Federation invited all member associations to participate in the jamboree. The schedule divided the 48 hours of the event amongst the Lebanese scouting associations. The Christian Scouts Chretiens were assigned the 8:00-10:00 am shift, Sunday morning.

With swollen sleepy eyes but nonetheless energetic attitudes, our representatives started their shifts. The selected team was made of scouts, guides, rovers and chiefs, most of them from [Lebanon](#) and [France](#). They chatted with scouts from the four corners of the globe: Finland, New Zealand, Mauritius, Brazil, Italy and others. They also contacted scouts in Oman and the U.S. through radio (this is Bravo Alfa Lima speaking copy?)
